LAB EXAM PART 1

Customer Segmentation & Communication Strategy

June 24, 2026

Daria Miele – 535702

Academic Year: 2025/2026

01 WHO ARE OUR CUSTOMERS?

Demographics – Spending – Segmentation

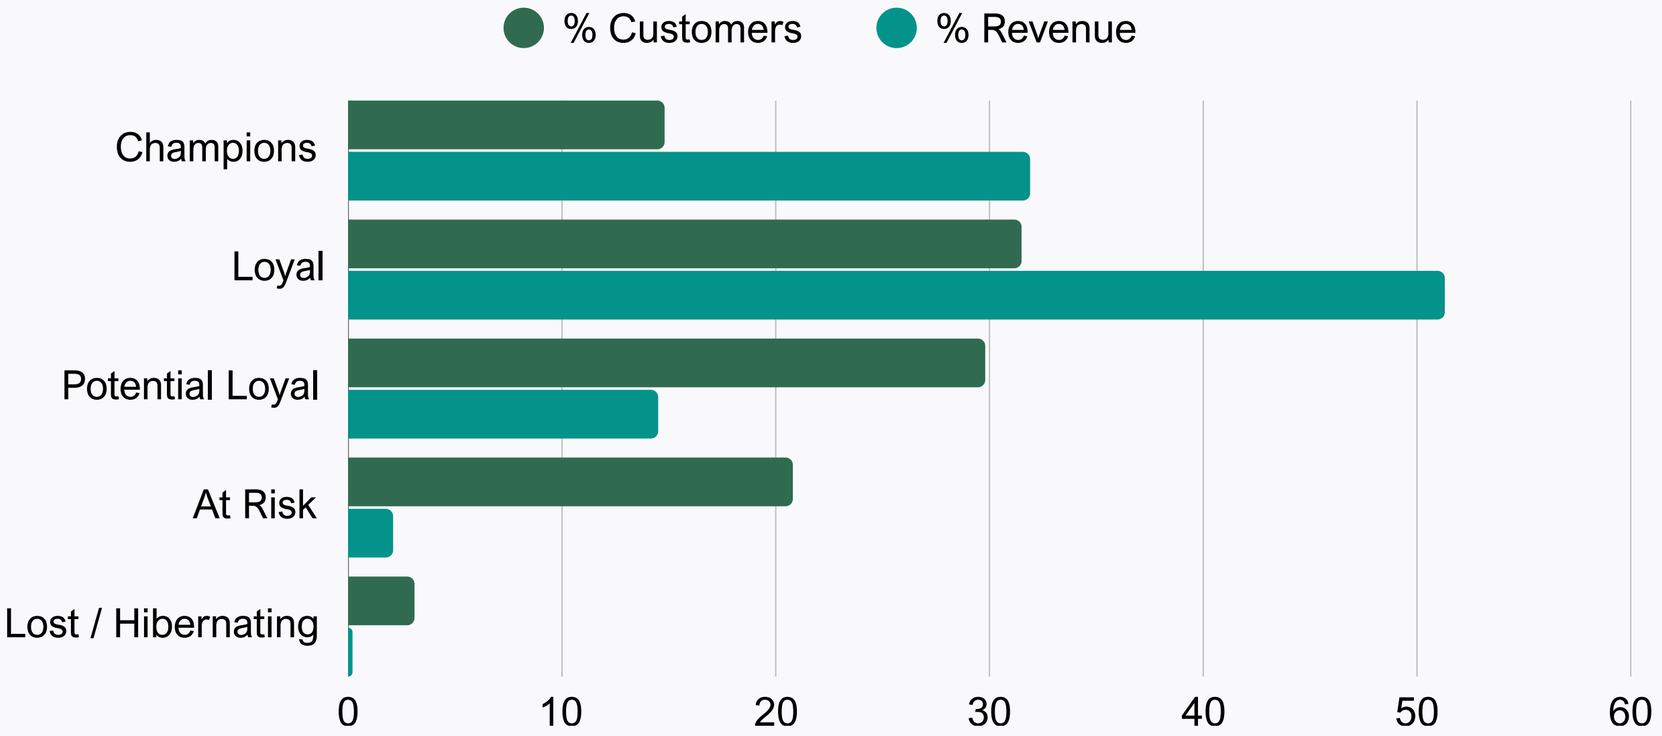

2,232
Customers
Cleaned Dataset

44 yrs
Median Age
Middle-aged

$51K
Median Income
Middle-to-upper

70%+
Educated
University degree

Customers **without children** spend **6x more** than those with children (independently of income level)

83.2%
of total revenue

↓

Champions + Loyal Customers
only 46.5% of customers

K-Means Analysis (K=3)

Premium High-Value

475 customers - 21.3%

Income	$77K
Avg Spend	$1,483
With Children	10%
Campaign Resp.	1.25

High income, no kids
→ maximum discretionary period

Family Mid-Tier

679 customers - 30.4%

Income	$59K
Avg Spend	$785
With Children	90%
Campaign Resp.	0.32

Good income but household costs constrain spending

Budget / Low-Engagement

1,078 customers - 48.3%

Income	$35K
Avg Spend	$106
With Children	87%
Campaign Resp.	0.17

Low income, children
→ limited purchasing power

HIDDEN OPPORTUNITY: 258 high-value customers (11.6%) **never responded to any campaign.**
Yet spend $1,361 avg (85% of Champions). Same income profile.
Cause: channel mismatch, not disengagement.

Channel and tone calibrated to data
